Itinerary Prepared For
Pre & Post Tour | Garden Route

Day 1 – Cape Town to Oudtshoorn |

Upon arrival at Cape Town International Airport guests will be met by an English speaking Welcome Tourism Service representative who will escort them to the transfer vehicle. Transfer to Oudtshoorn.

Oudtshoorn |

Surrounded by natural beauty, Oudtshoorn is situated at the foot of the majestic Swartberg Mountain range. Numerous rivers, streams and falls have their origins in the Swartberg, Outeniqua and Kamanassie ranges around the town. Amidst the 400 ostrich farms surrounding the town, three have distinguished themselves worthy enough to be named show farms. Get to know this exotic bird species, and, for the more adventurous, take an ostrich ride. The Swartberg Pass, between Oudtshoorn and Prince Albert, is one of the most sensational drives in southern Africa, declared a national monument. One of the world's great natural wonders, the Cango Caves, was sculpted by nature through the ages.

Check out |

After completing check out formalities guests will depart for a tour of the Cango Caves as well as a visit to an Ostrich Farm.

Cango Caves |

The Cango Caves near Oudtshoorn (approx. 30 km from town) are among the biggest stalagmite formations in the world. One can go for extensive subterranean walks in the widely branching caves. Some of the sandstone formations are even colourfully illuminated. The bizarre shapes in the caves are mainly composed of calcium carbonate. They develop as lime water drips from the stones and evaporates. The structures growing down from the cave ceiling are called stalagmites, while those that grow from the ground to the top are called stalagmites. If both structures join together to build a column, this is called stalagnate.

Ostrich Farm |

Safari Ostrich Show Farm is an operating farm where visitors will see large flocks of ostriches at different stages of development in the surrounding fields. Visitors are assured of personal attention and upon their arrival are greeted by one of our multi-lingual guides who will, during the course of the tour explain every aspect of ostrich farming, from breeding to rearing. The tour starts in the breeding camp, with a nest of ostrich eggs, where the first stage of the ostrich life cycle is explained. Visitors will get the opportunity to test the strength of the eggs by standing on them - a great photo opportunity. During the breeding season visitors get to see ostrich eggs hatching in the incubator rooms. Visitors get to sit on an ostrich and those who are brave enough can even try their hand at riding one. Every tour ends with an "Ostrich Derby" where local jockeys display their riding skills. A highly entertaining and educational tour is guaranteed.

Knysna |

Afterwards guests continue to Knysna.

Knysna is one of the Southern Cape coast's best known holiday destinations, situated between lush forests and the shores of the peaceful lagoon - it offers many activities and attractions of a wide variety. The most well known attraction being the heads - two great sandstone cliffs guarding the mouth of the lagoon, which connects the estuary with the sea. Knysna has many attractions in the surrounding area as well, one of the most spectacular being the Knysna Forest, which is still evident in many places within the town as well. It is the largest indigenous forest in South Africa comprising of tall and ancient trees of local and exotic species, including stinkwood, yellowwood, blackwood, ironwood, white alders and Cape chestnut. Not forgetting the ferns, creepers and wild flowers, which add colour to this endless green collage. The forest is vast and extremely dense in places making it impenetrable. Animal life is limited to a few small antelope and a large variety of birds, such as the famous Knysna Loerie.

Featherbed experience |

After breakfast guests will go on the Featherbed excursion

Featherbed Nature Reserve is a prime example of eco-tourism and in order to protect the splendour of the natural beauty, access to the Reserve is controlled. Numbers are limited and visits are only permitted in the company of the Reserve's specialist guides. Featherbed is a privately-owned, registered Nature Reserve and a South African Heritage site, No.59. It is a pristine piece of paradise situated on the Western Head of Knysna and is accessible by ferry only. The Featherbed eco-experience starts with a 25-minute ferry cruise. Your local guide on board will share fascinating tales about the Lagoon, the early shipping industry and oyster cultivation. On arrival at the Reserve, visitors can enjoy a drive to the top of the Western Head in a 4 x 4 unimog vehicle with trailers, stopping at a magnificent view point en route. Here unsurpassed views of the Lagoon, mountains and Knysna can be enjoyed, whilst our knowledgeable guides explain the history and ecology of the Reserve. After the drive, your specialist guide will take you on an optional 2.2 kilometre downhill walk, finishing off with a buffet lunch at this popular Knysna restaurant under the milkwood trees.

Good walking shoes are recommended and remember to bring a camera, with plenty of film, hats in summer and a warm jacket for the ferry trip.
