Chobe National Park |

With the meandering Chobe river on its border, the Chobe National Park has some of the finest gameviewing in Africa and one of the biggest concentrations of elephants in Africa. It is also notable for huge herds of buffalo and zebras, lechwe, Chobe bushbuck and puku antelope can also be seen. Where there are buffalo, lions are never far away and there is a good chance of seeing large prides who laze around in the shade all day and only yawn themselves awake at dusk. Hyena and leopard also hunt at night while cheetahs are diurnal predators. Chobe is rich in bird life with the Pel's Fishing own a favourite for bird watchers and the peculiar strangely beaked African skimmer another speciality. African fish eagles are common and their distinctive cry is as evocative of the African wilderness as the roar of the lion.

The reserve is a study in contrasts, with areas of dry woodland and savannah next to picturesque floodplains and lagoons. The reserve is a sanctuary for many animals and known for its large herds of plains game such as Buffalo, Zebra and Wildebeest. It is also home to many predators including Lion, Leopard, Cheetah and Hyenas. Elephant herds numbering in the thousands take refuge in the beautiful Mopane forests in the dry winter months. Moremi is best visited in the dry season and game viewing is at its peak from July to October, when seasonal pans dry up and the wildlife concentrates on the permanent water. The winter months of May to August can be very cold at night, but pleasantly warm, under clear blue skies, during the day.

Botswana |

Please note: In Botswana there is a 20kg luggage limit applicable to the charter flights between camps. 20kg luggage is the total weight for both luggage and hand luggage/camera equipment. Please note that the Hand Luggage may not exceed 5kg. The bags which guests can bring have to be small, flexible, and **soft sided**. Unfortunately large suitcases and rigid, inflexible luggage cannot be transported in the aircraft. Luggage with "pull along" handle frames and wheels are **NOT** flexible soft bags and do not fit into the aircraft. (These include bags which might have soft sides, however have a solid or rigid "wheely" frame within the base of the bag.) All luggage has to be packed in the belly pods of the aircraft.

Mack Air would like to announce that it will no longer be charging for an additional seat for guests weighing 110kg (242Lbs) or more. For this additional seat charge to be waived Mack Air reservations **MUST** be informed of the guest's actual weight at the time of booking and therefor, prior to arrival in Botswana and the start of their safari. Should we, as the booking agent, not be able to communicate the required information to Mack Air, and a guest requires an additional seat whereby an additional aircraft may have to be dispatched, the booking agent will be charged accordingly. We urge guests to be honest about their weight, and agents to provide us with the required information, as to ensure that Mack Air has sufficient time to appropriately plan the flights and waive the additional charges.

The Ministry of Nationality, Immigration and Gender Affairs informs the general public that it has imposed requirements for minors (children under 18) travelling through the country's ports of entry. Effective from the 1st October 2016 minors travelling through the country's borders will be required to produce certified copies of unabridged birth certificates in addition to their valid passports. In the event that one parent is not travelling with the child, the other parent's affidavit consenting to such travel should be availed. However, an affidavit will not be required if the father's name does not appear on the child's birth certificate. The development, which is aimed at managing the movement of children across the country's borders, has an ultimate goal of tackling human trafficking which is a global challenge. Botswana, like other countries is affected by this problem and as such has enacted the United Nations Anti-Human Trafficking Protocol; which calls upon governments to come up with deliberate measures aimed at combating human trafficking.

Very important note for all potential visitors to South Africa |

Please ensure that when booking a trip for yourself or clients that your/their passports all comply with immigration regulations.

According to an international regulation, passports must have at least two blank pages in them when one enters a country, and it should also not have less than 6 months to go before expiry. South African immigration officials are very particular about enforcing this regulation and will not allow guests to enter the country should their passports be incorrect.

Please review a copy of the Immigration Regulations for passengers travelling with children below:
